

SECURITY INFORMATION

11 December, 1953

Congressman Henry O. Talle: Second District of Iowa

Before his election to Congress in 1938, Mr. Talle was Professor of Economics and Treasurer of Luther College, Decorah, Iowa, for seventeen years. During that period he was both my teacher and faculty colleague. His daughters were students of mine, and our families have been intimate friends for many years. Since coming to Washington in 1950, we have seen the Talles socially at frequent intervals in our house and theirs. I also know Bud Cloud, the Congressman's secretary, very well. ✓

Congressman Thor Tollefson: Sixth District of Washington

We know the Tollefson family very well through membership in the same church for the past three years. We have been guests in their home and in their company at social gatherings with mutual friends. ✓
